
	<h2 style="text-align: center;">Responsible Tourism Policy</h2>	
---	---	---

Aware of the importance of maintaining sustainable tourism development, and assuming the principles specifically adopted in the World Charter for Sustainable Tourism, Burrico d'Orada is committed to carrying out sustainable management of its activities by adopting commitments aimed at preventing, eliminating, or reducing the impact of our facilities and activities, both internal and external, as well as optimizing the sustainability of the establishment by improving its behavior towards the environment.

To this end, Burrico d'Orada has adopted the following responsible tourism policy, whereby it undertakes to comply with the requirements established in the Biosphere Hotel benchmark, which includes, among other things, the legal requirements governing the effects generated by tourist activity.

Therefore, we are committed to motivating and training our employees through training and awareness-raising activities on the principles of Responsible Tourism, promoting good environmental practices and participating in external activities, and communicating both internally and externally about the company's environmental progress and actions.

We are also committed to combating sexual exploitation, or any other form of exploitation and commercial harassment, particularly of children, adolescents, women, and minorities. We also include a commitment to adopt accessibility measures for people with disabilities (sensory, physical, intellectual, and psychological).

One of our main objectives is to improve sustainable management, committing to continuous improvement in all areas of sustainability: social, economic, and environmental, as well as customer satisfaction. To this end, future projects to expand facilities or activities will be subject to criteria of sustainability and efficient use of resources.

This Responsible Tourism Policy will be updated whenever circumstances require, adopting and publishing new sustainability objectives in both cases.

Monte do Carvalhal, December 2nd 2025
